This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE following List is a small selection of titles from a very voluminous literature. It has been drawn up, not for the professional bibliographer, but to meet the practical wants of the average theological student. This aim has affected both the selection and its proportions: has led to the mention of some books which, though not of the highest excellence, are peculiarly accessible or especially serviceable; and again, has caused the titles to be multiplied sometimes under the more recondite subjects as well as under the more important. The classification chosen, and the "Miscellaneous Topics" appended (p. 49 sq.), find their explanation in the class-room. As respects these "Topics" in particular, a student is expected to have recourse, without further reminder, to Grimm (see p. 12) and the Bible Dictionaries and Cyclopaedias (see p. 14 sq.).

To economize space, the title of a book, having been once given in full, is generally referred to afterwards in an abbreviated form, the full title being ascertainable by turning to the page (or pages in the case of more than one book by the same author) designated in the Index by a full-faced numeral. The references have been restricted, for the most part, to books or other separate publications; for discussions in Reviews, the student must consult Poole (see p. 8) and the special Indexes to the several periodicals.

The outside dimensions of the books are given in centimetres; but fractions of the same have been disregarded.

The prices named are taken mostly from the publishers' catalogues; those appended to many of the older foreign books are merely approximate. In adjusting foreign coinage to our currency, the shilling and the mark (100 Pfennige) may be roughly reckoned at twenty-five cents, and the franc at twenty. The cost of importation, however, varies with methods and dealers. Several of the foreign firms (the Messrs. Macmillan, Longman, Cassell, Bagster) have branch houses or special agents in this country.

LIST OF BOOKS.

THE BIBLIOGRAPHY OF THEOLOGY.

Hagenbach, K. R.: Encyclopädie und Methodologie der Theologischen Wissenschaften. 12te Auflage . . . von E. KAUTZSCH, revidirt u. s. w. von M. REISCHLE. Leipzig. 1889. pp. xvi. 600. 7 *M.*

English translation of an earlier edition — not always satisfactory — by GEORGE R. CROOKS and JOHN F. HURST, with additional references to "English and American Literature," and an Appendix (pp. 18) giving a list of works on the relations of religion and science, together with histories of Christian churches in the United States. New York. 1884. pp. 596, 24 × 16. $3.50.

Copious extracts are given in R. F. WEIDNER, Theological Encyclopaedia and Methodology, based on Hagenbach and Krauth. Pt. i. Exegetical Theology (Philadelphia. 1885. pp. 183, 21 × 14. $1.25). It briefly characterises many of the books referred to.

Cave, A.: Introduction to Theology, etc. (Edinburgh. 1886, 12*s.*), gives (§§ 30–69) copious lists of books with brief judgments upon them.

Räbiger, F. J.: Encyclopaedia of Theology. Translated, with additions, etc., by JOHN MCPHERSON. 2 vols. 8vo. (i. pp. 430; ii. pp. 431.) Edinburgh. 1885. 21*s.*

Zöckler, Otto, *editor*. Handbuch der Theologischen Wissenschaften u. s. w. 3d ed. Munich. 1890. 4 vols. 50 *M.* — Translation announced by Clarks, Edinburgh.

Current Discussions in Theology. By the professors in the Chicago Theological Seminary. An annual review of the leading publications in theology. 6 vols. 1889 (20 × 14. $1.50 each) have appeared.

Pünjer, B.: Theologischer Jahresbericht (by various scholars; gives good critical notices of books from 1881 on). Continued after the first editor's death by R. A. LIPSIUS.

Hurst, John F.: Bibliotheca Theologica: a select and classified bibliography of theology and general religious literature. 24 × 16. pp. vii. 417. New York. 1883. $3.00. — Disappointing.

Briggs, C. A., has appended a good select "Catalogue of Books of Reference for Biblical Study" to his "Biblical Study," etc. New York. 1883. $2.50.

Well selected bibliographical references are scattered through the pages of SCHAFF's "Companion to the Greek Testament and the English Version," 3d ed. New York. 1888. pp. xxii., 618, 19 × 13. $2.75.

Lists of books are appended to the several articles in Hackett and Abbot's edition of SMITH's Dictionary of the Bible (4 vols. 1868–1870. $20); in ALEXANDER's KITTO's Cyclopaedia of Biblical Literature (3 vols. with supplement. 3d ed. 1870. $18); in MCCLINTOCK and STRONG's Cyclopaedia (10 vols. with 2 vols. supplement); in the REAL-ENCYCLOPÄDIE FÜR PROTESTANTISCHE THEOLOGIE UND KIRCHE (2d ed. 18 vols. 1877–1888), edited by Herzog and Plitt, and finally by Hauck; also in SCHAFF-HERZOG, Encyclopaedia of Religious Knowledge (3 vols. $18); in SMITH and CHEETHAM's Dictionary of Christian Antiquities (2 vols. 1875–1880. $15); in SMITH and WACE's Dictionary of Christian Biography (4 vols. 1877, '80, '82, '87. $24); in the ENCYCLOPAEDIA BRITANNICA (9th ed. $120).

Older (but still serviceable) is: WINER, G. B. Handbuch der theologischen Literatur, hauptsächlich der protestantischen, nebst kurzen biographischen Notizen über die theologischen Schriftsteller. 3d ed 2 vols. Leipzig. 1838–1840. With "Erstes Ergänzungsheft" (giving the literature to end of 1841). Leipzig. 1842.

Less valuable is: DANZ, J. T. L. Universal-Wörterbuch der theologischen kirchen- und religionsgeschichtlichen Literatur. Leipzig. 1843. — A bibliographical dictionary topically arranged.

Useful even in biblical study are: BRETSCHNEIDER, C. G. Systematische Entwickelung aller in der Dogmatik vorkommenden Begriffe . . . nebst der Literatur (4th ed. Leipzig. 1841. pp. 898, 21 × 13. 10 *M.*); the clear and condensed notes in HASE, K. Hutterus Redivivus oder Dogmatik der evang.-luth Kirche. (12th ed. 1883. 18 × 12. *M.* 5); and the bibliography in GRIMM, C. L. W. Institutio theologiae dogmaticae evangelicae historico-critica. (2d ed. Jena. 1869. pp. 483., 22 × 16. 6 *M.*)

The judicious "Notes on the Literature of Church History" (separately, 30 cts.) appended by Prof. GEORGE P. FISHER to his History of the Christian Church (New York. 1888. $3.50) will sometimes be helpful to the student of the New Testament; and on special topics the articles referred to in POOLE's Index to Periodical Literature (3d ed. $15), with its Supplement (to 1887; thenceforward annually), may often be consulted with profit.

Stewart, C. J. [A deceased London bookseller.] Biblical Catalogue and Supplement with classified index (no date; but 187–. pp. 406, 19 × 13. 5686 titles).

There is no good bibliography of theological literature in English.

The best edition. A portion of it, issued separately, is: The Psalms in Greek, etc. Cambridge 1889. 3*s*.

Tischendorf. Vetus Testamentum Graece juxta LXX. interpretes. 2 vols. pp. 682, 618, 23 × 15. *M*. 15. With a valuable supplement (pp. 189) to the 6th (and subsequent) editions by Eberard Nestle; giving (pp. 203, 2d ed. Leipzig. 1887) a complete collation of the texts of codd. Vat. and Sin. with the current text.

The "supplement" may be had separately.

The old edition of LAMBERT BOS (Frankfort. 1709. pp. 1326, 25 × 20) can be picked up cheap ($1.00), and is convenient because it gives (on the basis of the Vat. text) many of the varr. of the Complutensian, Aldine, Alex., as well as of sundry MSS., also Aquila, Symmachus, Theodotion.

SEPTUAGINT: *General Character and History.*

Hatch, Edwin. Essays in Biblical Greek. Oxford. 1889. pp. 293. 23×15. 10*s* 6*d*.

Schleusner, J. F. Novus Thesaurus, etc. 5 vols. 22 × 14. Leipzig. 1820–1821. $5.00 the set. Reprinted in 3 vols. Glasgow. 1822. — A mere alphabetic collection of materials.

CONCORDANCES.

Trommius Abr. 2 vols. folio 1718. — Notoriously imperfect, but valuable. Out of print, but occasionally procurable at prices ranging from $5.00 to $50.00. Will soon be superseded by —

OLD TESTAMENT APOCRYPHA.

Fritzsche, O. F. Libri Apocryphi Veteris Testamenti Graece . . . accedunt libri Vet. Test. pseudepigraphi selecti (namely, Psalms of Solomon, Fourth Book of Esdras, Fifth do., Apocalypse of Baruch, Fragments of the Assumption of Moses). Leipzig. 1871. pp. xxxvi., 760, 22 × 15. 10.50 *M*.

Commentary (in continuation of the "Speaker's Commentary") edited by HENRY WACE (by various scholars: Ball, Edersheim, Farrar, Fuller, Gifford, Lupton, Rawlinson). 2 vols. 1888. 24 × 17. 25*s*. — The best.

Bissell, E. C. Revised English Translation, with historical Introduction and notes. Vol. xv. of Schaff's LANGE's Old Testament; makes abundant use of the elaborate commentary in German, by FRITZSCHE, O. F., and GRIMM, C. L. W. 6 parts. 1851–1860. 23 × 14. 27 *M*.

Keil, C. F. Commentary on [two] bks. of Maccabees. Leipzig. 1875. pp. 428. 22 × 14.

Older works, still of some service, are: GAAB, J. Fr. Handbuch zum philol. Verstehen d. apokr. Schriften, Bd. i. 1818, Bd. ii. 1te Abth. 1818, 2te Abth. 1819. 28 × 13; BRETSCHNEIDER, V. G. Wahl, C. A. Clavis Librorum Vet. Test. Apocryphorum Philologica. Leipzig. 1853. pp. 509, 27 × 17. 15 *M*.

A thorough book; valuable also for the study both of the Septuagint and of the New Testament.

CONCORDANCE.

See the end of the several articles in Trommius, and especially Hatch. (See p. 10.)

Meagre Indices "Nominum et Vocabulorum" are given at the end of FRITZSCHE'S edition. (See p. 10.)

A Concordance to the English version of the Apocrypha (together with a Concordance to the Psalter contained in the Book of Common Prayer) is given in the Concordance published by the Society for Promoting Christian Knowledge London. 1859. It seems to be a revision of the Concordance appended to the unabridged Cruden.

Hudson's 7th ed. (1885. pp. 746, 19×13. $2.00) gives the various readings of GRIESBACH, LACHMANN, TISCHENDORF, TREGELLES, the Proper Names, etc., but merely *refers* to the biblical passages (which in the "Englishman's Greek," etc. are quoted at length from King James's version).

BIBLICAL GEOGRAPHY.

The prodigious bibliography is catalogued by TITUS TOBLER, Bibliographia Geographica Palestinae pp. 265. Leipzig. 1867, enumerating, and often briefly characterizing, more than one thousand writers; supplemented in 1869 and again in 1875.

Select lists, with brief critical estimates, are given in MCCLINTOCK and STRONG, vol. vii. p. 580 seq.; by GROVE and HACKETT in SMITH, vol. iii. p. 2319 seq.; by PORTER in ALEXANDER'S KITTO under "Palestine" and "Geography;" especially by SOCIN at end of article "Palestine" in the Encyclopædia Britannica.

Dissemination of the New Testament Writings.

1. Ancient Versions.

For detailed accounts see "Versions, Ancient," in Smith; also "Bible Versions" in Schaff-Herzog.

Scrivener's "Introduction," etc., ch. iii.

Schaff's "Companion" etc. pp. 142–163 (i. e. ch. iii.).

Mitchell's "Critical Handbook," pp. 133–136 (with Table).

Especially GREGORY'S "Prolegomena" to TISCHENDORF, ch. ix.

Trustworthy accounts of some of the older editions of the versions may be found in MASCH'S LE LONG (see p. 26); and SIMON, R.: Histoire Critique des Versions du Nouveau Testament, etc. Rotterdam. 1690. pp. 539, 25 × 19.

Passing mention may be made of —

The Peshitto Syriac New Testament, as issued by the American Bible Society. 1874. pp. 637, 15 × 12. $.50.

A critical edition of the Gospels is in preparation by G. H. GWILLIAM. Convenient for beginners is HENRY F. WHISH'S Clavis Syriaca; a key to the ancient Syriac Version called "Peshito" of the Four Holy Gospels. London. 1883. pp. 588, 23 × 16. $8.00.

Heyne, Moritz: F. L. STAMM'S Ulfilas, oder die uns erhaltenen Denkmäler der gothischen Sprache. Text, Wörterbuch, und Grammatik. 7th ed. Paderborn. 1878. pp. 476, 21 × 14. $2.50. Very neat is the ed. of E. BERNHARDT (1884), followed by a grammar (1885).

Wordsworth, John: Novum Testamentum . . . secundum editionem Sancti Hieronymi. The First Part, containing the Gospel of Matthew (pp. xxxviii., 170, 29 × 23. 12*s.* 6*d.*), was published at Oxford in 1889.

2. MODERN TRANSLATIONS.

See "Dutch," English," "French," "German," etc., versions in the Index of REUSS'S History, etc. (see p. 20 above), and in ALEXANDER'S edition of KITTO'S Cyclopædia of Biblical Literature (see p. 8); cf. also "Versions" in SMITH and in SCHAFF-HERZOG.

Special mention may be made of recent "Revisions," namely, in DUTCH: Het Nieuwe Testament, van wege de Algemeene Synode der Nederlandsche Hervormde Kerk op nieuw uit den Grondtekst overgezet, en van inleidingen, inhoudsopgaven, gelijkluidende plaatsen en aanteekeningen voorzien. De Nederlandsche Bijbel-Compagnie. . . . 1868. pp. 575, 28 × 18. $6.00; in GERMAN: Die Bibel . . . nach der deutschen Uebersetzung D. Martin Luthers. Erster Abdruck der in Auftrage der Eisenacher deutschen evangelischen Kirchenkonferenz revidierten Bibel (Sogenannte Probebibel) Halle a. S. 1883. pp. lxvi., 308, 22 × 15. (Final form expected 1890.)

Exegetically serviceable are the translations by DE WETTE (3d ed. 1839) in 3 Parts, viz.: Pt. i. the Historical Books of the Old Testament; Pt. ii. the Poetical, Prophetical, and Apocryphal Books; Pt. iii. the New Testament. 24 × 15. $3.00; by BUNSEN ed. HOLTZMANN, the New Testament, 1868. 18 × 12; and especially by WEIZSÄCKER, 4th ed. 1888. 4 *M.*

3. The English Bible. Editions.

The Holy Bible, an exact reprint, page for page, of [the 2d of the two editions (cf. Dr. Gilman in Bibliotheca Sacra for January 1859)] the Authorized Version published in the year 1611. Oxford. 1833. $5.25.

The Cambridge Paragraph Bible, etc., by Rev. F. H. A. Scrivener. 1873. $6.00. — The only *critical* edition of the Authorized Version. The very valuable "Critical Introduction" (indispensable for the study of the internal history of our version) has been reprinted separately under the title, "The Authorized Edition of the English Bible (1611), its subsequent Reprints and modern Representatives, by F. H. A. Scrivener." Cambridge. 1884. pp. 312, 20 × 14. $2.25.

Bagsters' English Hexapla. 32 × 25. The "historical account" prefixed to the 1st issue, 1841, was written by S. P. Tregelles and is of special value; superseded in later issues by an inferior account ascribed to Christopher Anderson.

Eminent among manual editions is "The Variorum Bible for Bible Teachers" edited by T. K. Cheyne, S. R. Driver, R. L. Clarke, Alfred Goodwin, W. Sanday; it gives in the footnotes "Various Renderings and Readings from the Best Authorities" (more than four score authorities are occasionally cited in the Old Testament, and even a larger number in the New), and with it is incorporated "The Queen's Printers' Aids to the Student of the Holy Bible" (summary essays by more than a dozen experts on Biblical natural history, archæology, chronology, history, etc.) together with Concordances and Maps. London, Edinburgh, and New York. 1880. 20 × 15.

A new and revised edition of the above work in larger type and with added references, especially to the renderings of the Revised Version (but without the "Aids," except the indexed Atlas) appeared (without date) in 1889. 24 × 17. In plain leather, $6.00.

Its History.

Westcott, B. F.: A general View of the History of the English Bible. 2d ed. London. 1872. pp. 427, 20 × 14. 10*s*. 6*d*. New edition in press.

London. 1876. 28*s*. — Less scholarly and accurate than Westcott, but interesting and valuable.

Moulton, W. F.: The History of the English Bible (Cassell, etc. 1878. pp. 232, 19 × 13). Composed of articles which appeared in the "Bible Edu-

cator" (cf. p. 15); gives results of original study, particularly comparisons of selected passages in the several versions.

Dore, J. R.: Old Bibles: an account of the early Versions of the English Bible. 2d ed. London. 1888. pp. 395, 20 × 16. 6*s*. Hyper-churchly.

Mombert, J. I.: A Handbook of the English Versions of the Bible, with copious examples illustrating the ancestry and relationship of the several versions, and comparative tables, etc. New York. 1883. pp. 509, 21 × 15. $2.25.

Invaluable for the study of the English of the Authorized Version is —

Wright, W. Aldis: The Bible Word-Book, a Glossary of Archaic Words and Phrases in the Authorized Version of the Bible and the Book of Common Prayer. 2d ed. revised and enlarged. 1884. pp. 680, 19 × 13. 7*s*. 6*d*.

A comparison of the version of 1611 with the revision of 1881 is made easy by —

The Parallel New Testament, Greek and English (giving the Greek Text followed by the Revisers). Oxford. 1882. pp. 1096, 22 × 15. 12*s*. 6*d*.

4. The Revised New Testament of 1881.

The ablest exhibition of the necessity and proper nature of a revision of the Authorized Version is —

Lightfoot, J. B: On a Fresh Revision of the English New Testament (1871; 2d ed. also 1871) reprinted, together with the similar work of Ellicott (1870) and the earlier work of Trench (1859), in one vol. by Schaff. New York. 1873. pp. 618, 21 × 15. $3.00.

For the "literature" of the subject see Schaff's "Companion," etc. ch. viii. p. 871 sqq. A list of the older works is appended to Trench's book.

A very convenient edition of the Revised Version is the so-called "Diacritical Edition," by Rufus Wendell, which gives at the bottom of the page the variations of the Authorized Version. pp. xx., 886, xiv., 276, 25 × 17. $5.00.

Interpretation of the New Testament Writings.

Its History.

Farrar, F. W.: Bampton Lectures for 1885. pp. 558, 22 × 15. $2.50. To it an ill-digested and rather indiscriminate but useful bibliography is appended, pp. 479–491.

Terry, Milton S., devotes Pt. iii., pp. 603–738, of his Hermeneutics (New York. 1883. pp. 781, 24 × 16. $4.00) to a history of interpretation, and gives (pp. 739–752) an alphabetical Bibliography.

The careful earlier history by H. N. KLAUSEN in his Hermeneutik des N. Ts. (aus dem Dänischen übersetzt. Leipzig. 1841), pp. 77–337, is freely reproduced by S. DAVIDSON in his Sacred Hermeneutics (Edinburgh. 1843. pp. 747, 23 × 15) p. 70 sqq.

HERMENEUTICS: *the Science.*

Besides the work of TERRY (see above), which is a *μέγα βιβλίον*, one of the most valuable recent books is —

Immer, A.: Hermeneutik des Neuen Testamentes (Wittenberg. 1873). Indifferently translated (with many crude additions in notes) by ALBERT H. NEWMAN. Andover. 1877. pp. 395, 21 × 14. $1.75.

Cellérier, J. E.: Manuel d'Herméneutique Biblique (Geneva. 1852. 8vo.) is one of the most elaborate (an extended outline of it is given in WEIDNER'S Theol. Encycl., Pt. i. pp. 123–155). It has been reproduced in a truncated form by ELLIOTT and HARSHA. New York. 1881.

Fairbairn, P.: Hermeneutical Manual or Introduction to the Exegetical Study of the New Testament. Edinburgh. 1858. 10*s.* 6*d.* Philadelphia. 1859. pp. 526, 21 × 14. Part Second (pp. 205–389) comprises various dissertations on The Genealogies, Angels, Names of Christ, etc.; and Part Third (pp. 393–503) treats of the use made of the Old Testament in the New.

Considerable good sense may be found in BARROWS, E. P.: New Introduction to the Study of the Bible. (Pt. iv.) (Tract Society), and STOWE, C. E.: Origin and History of the Books of the Bible. chap. i. Hartford. 1867.

Among older books those of LUTZ (2d ed. 1861), WILKE (2 vols. 1843–1844), SCHLEIERMACHER (printed from MS. notes by LÜCKE, 1838), and even GRIESBACH (similarly but less satisfactorily reproduced by STEINER, 1815), are still worth consulting.

There is need of a clear, brief, sensible *Manual.*

EXEGESIS: *the Art.*
